PROFESSIONAL SUMMARY

Results-oriented Computer Science professional with hands-on experience in full-stack web development and data analytics. Proficient in building scalable web applications, designing relational databases, and deriving insights from data. Adept at working across the technology stack with a strong foundation in programming, problem-solving, and modern development tools.

TECHNICAL SKILLS

Frontend: React.js, HTML5, CSS3, JavaScript (ES6+), Bootstrap, Responsive Web Design

Backend: Node.js, PHP, RESTful API Development

Databases: MySQL, MongoDB, Database Design & Normalization

Data & Analytics: Python (Pandas, Matplotlib), SQL, Excel — Data Cleaning, Analysis & Visualization

Tools: Git, GitHub, VS Code, AI Tools

Languages: English (Professional Proficiency) | Tamil (Native)

PROJECTS

VBM Rasi Crackers — Online Sales Portal

Tech Stack: *PHP | MySQL | HTML5 | CSS3 | JavaScript | Bootstrap*

- Designed and developed a dynamic e-commerce portal with category-wise product listings and detailed product pages, improving product discoverability for end users.
- Implemented shopping cart functionality with real-time quantity selection, price calculation, and order summary — closely simulating a production-grade purchase flow.
- Built a secure user authentication system (registration & login) with order management and history tracking capabilities.
- Architected a normalized MySQL database schema and designed a fully responsive Bootstrap UI, ensuring consistent cross-device experience on mobile, tablet, and desktop.

Faculty Leave Application Management System — Arul Anandar College

Tech Stack: *PHP | MySQL | HTML5 | CSS3 | JavaScript | Bootstrap*

- Designed and developed a web-based leave management system that streamlined faculty leave workflows, reducing manual processing effort.
- Built end-to-end modules for leave application submission, multi-level approval workflow, real-time status tracking, and leave history management.
- Structured a normalized MySQL relational database and implemented a responsive Bootstrap UI for smooth performance across all devices.

INTERNSHIP EXPERIENCE

Data Analytics Intern — Jestech | Mar 2025 – Apr 2025 | Remote

- Gained practical experience in the full data analytics lifecycle: data collection, cleaning, preprocessing, analysis, and reporting.
- Worked with Python (Pandas, Matplotlib), SQL, and Excel to analyze real-world datasets sourced from Kaggle, translating raw data into actionable insights.
- Participated in end-to-end analytics projects, developing skills in data visualization and presenting findings to stakeholders.

EDUCATION

Master of Computer Applications (MCA) | 2024 – 2026

Arul Anandar College, Madurai

Bachelor of Computer Science (B.Sc.) | 2021 – 2024

CERTIFICATIONS

- **React.js Front-End Course** — Mind Luster *(Feb 2026)*
- **Modern Python Programming** — Mind Luster *(Feb 2026)*
- **Basics of Artificial Intelligence** — Uniathena *(Feb 2026)*
- **AI Generalist Webinar** — Brand Monk Academy Pvt. Ltd. *(Feb 2026)*
- **UI/UX Designer Webinar** — Brand Monk Academy Pvt. Ltd. *(Feb 2026)*
- **Digital Marketing** — Brand Monk Academy Pvt. Ltd. *(Feb 2026)*
- **Type Writing Course — English** — Government Examination *(Feb 2024)*
